Education

School : DPS , Greater Noida (94% in 12th)

B.Tech in Computer Science & Engineering

MIT Manipal (Main campus) — Expected graduation: 2028

Current year: 2nd Year

Technical Skills

Languages: C++, Java, Python

Data structures & Algorithms: Daily practice on problem solving, comfortable with arrays, linked list , stacks , queues, hashing, sorting

Basic understanding of OOP(Java) and Data Visualisation(Python)

Tools & Platforms: Leetcode, Codechef , VS Code , CodeBlocks , Jupyter Notebook

Experience (academic / practice)

- Competitive Programming — Solved 200+ problems on LeetCode including problems on two-pointers, linked list , stacks; regularly practice to improve speed and accuracy.

Achievements & Certifications

- Active daily practice in DSA
- AWS Cloud Technical Essentials(Coursera)
- C for Everyone (Coursera)

Extracurricular & Leadership

- Past member of IEEE

Strengths

- Strong fundamentals in data structures and algorithms; disciplined daily practice.

Interests

Competitive programming, machine learning , open-source contribution
